

Cultural Development at Fable House

We aim to foster a rich, inclusive cultural curriculum that promotes understanding, respect, and appreciation of diverse cultures for all our students. Through workshops, partnerships, and creative experiences, students will be exposed to different cultural traditions, histories, and artistic expressions.

Each term, we focus on a specific culture and weave it into creative subjects:
Explore textiles, patterns, architecture, and visual arts. Hands-on projects inspired by the focus culture.

Listen to traditional music, discover instruments, rhythms and try dances or songs.

Read and discuss literature, stories or poetry by authors from the chosen culture. Promote multicultural voices.

Intended Impact & Outcomes

- Increased Cultural Awareness – Students develop deeper understanding and appreciation of different cultures.
- Promoted Inclusivity – Stronger sense of belonging and respect for diversity.
- Enhanced Creative Expression – Hands-on experience builds skills, confidence, and curiosity.
- Stronger Community Links – Partnerships with local cultural organisations and figures bring authentic, real-world learning.

Staff responsibilities

- Encourage students to engage in activities available.
- Support students to explore the resources provided related to specific cultures.
- Take students to see the map of the specific areas we are learning about
- Facilitate students to create a mood board to display their work

Student Role

- Participate fully in activities and use resources to learn more about the chosen culture.
- Collate their own information and examples from the culture (with staff guidance as needed).
- Showcase their learning on a mood board

Why This Matters

- Builds respect, empathy, and a global mindset in our students.
- Gives our learners accessible, hands-on ways to experience culture.
- Aligns with our school vision of preparing young people for adulthood in a diverse society.
